# THE SQUARE

At Porthleven

Working with The Fishermen's Mission to  
support fishermen and their families

**Life at sea is fraught with danger and conditions on board a fishing boat can be harsh and extremely hazardous. Lack of sleep, the cold, heavy seas, slippery decks and working with heavy industrial plant are all factors that can lead to a fatal accident or serious injury which so often deprives a family of its sole breadwinner.**

-  **On average one Fishermen is killed every six weeks.**
-  **One Fishing Vessel lost every twenty days.**
-  **We will be within reach day or night all year round.**
-  **We support fishermen's families for as long as we are needed.**
-  **We can help combat isolation and loneliness.**

The Fishermen's Mission is the only national charity that solely provides emergency support alongside practical, financial, spiritual and emotional care to active and retired fishermen and their families.

**THE**   
**SQUARE**  
At Porthleven

Anna and Stew Eddy and their team at The Square have partnered with the Fishermen's Mission, and will add £1.00 to your bill to help support the fishermen that risk their lives to bring

fish to our shores. This is not a compulsory donation and if you would like it removed from your bill please ask a member of the waiting staff.

*Thank you for your support*
